Re: Virtual Parent-Teacher Conferences and Scheduling Instructions

Dear Parents and Guardians,

While the challenges of maintaining a safe school and implementing restrictions to limit the spread of COVID-19, Monty Tech has been compelled to cancel nearly all events that involve large gatherings this year. Nevertheless, the teachers and administration felt equally compelled to maintain the essential school-to-home connections that come from holding Parent-Teacher Conferences. This chance to communicate is not simply a time to celebrate student achievement, but more importantly, it provides the parent and teacher an opportunity to work together with the student to identify and overcome the obstacles to student success. Therefore, we will still be holding our annual conference session this year, but they will be very different from past years.

This year's Parent-Teacher Conferences will occur on Tuesday, December 8th and Thursday, Dec. 10th. As usual, on each day, there will be two conference sessions. One session will occur from Noon-1:30pm and the second session will occur from 4:30pm-7:30pm. Parents can sign up for conferences on either day. However, the significant change for this year is that the conferences will not occur in-person, but instead will occur online via the Zoom meeting platform. While this is not ideal for all, we have determined that this is the most appropriate method to help reduce the spread of the virus within our school community.

In terms of registering for conferences, not much will have changed. Once again, we will utilize our online scheduler, Pick-a-Time. **If you have registered before and are familiar with the process, your password from last year should still be active and you can sign right in to the system.** Parents and guardians who are new to the platform will need to register using the following instructions. With limited time slots available, as always, we encourage families to be selective about which conferences they schedule and to try to focus on priorities.

Once you have completed choosing your conferences, you will notice the most important aspect of this year's change to virtual meetings. Instead of listing a classroom location on the schedule, you will note that there will be a link to each individual teacher's virtual conference. Teachers will be utilizing the waiting room function on Zoom. Thus, once you click on the link, you will be taken to the teacher's meeting where you will wait for the teacher to connect with you at the requested time. Each conference is scheduled for 10 minutes so please be sure to click the link in a timely manner, as other parents will be awaiting their conference time as well.

Lastly, do not be concerned if you are unfamiliar with Zoom. First, most of your students have frequently used the platform and can certainly help you navigate through your meetings.

Again, while we wish that we could be welcoming everyone into the building for our usual conference experience, we do believe that these virtual meetings will allow us to maintain the essential school-to-family connection that will help support our students' achievement.

Best regards,

Tom Browne
Principal
